15 June 2020

Message from the Guest Editors

Dear Colleagues,

This Special Issue will comprise a selection of papers dealing with how digitalization and the advances in information technology can lead to the development of innovative business models under the umbrella of the sharing or collaborative economy, focusing on their potential impact (positive or negative) from social, environmental, and economic perspectives.

We are particularly interested in research papers addressing how sharing, collaborating, merging, or establishing alliances (with B2B, B2C, and P2P perspectives) can lead to new business proposals in which services are provided with no transfer of ownership, granting temporary access, redistributing material goods, or servicizing business models as well as their interlink with a cleaner, fairer, and more sustainable world, leaving no one behind.

an Open Access Journal by MDPI

Editor-in-Chief

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 15.3 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2019).
